To Whom It May Concern

28 December 2019

Letter of Recommendation – Ms. Victoria Moroz

I have known Ms. Victoria Moroz since January 2018 when she was engaged as an interpreter for NORLAU - the Norwegian Rule of Law Advisers to Ukraine Probation Project.

Ms. Victoria Moroz has supported the project with simultaneous and consecutive interpretation in broad range of meetings, conferences, panel discussions and trainings. Victoria has proved to be a highly dedicated and motivated person who combines professionalism and excellent communication skills with positive attitude, sense of humour and a great spirit for working with people from different cultures and jurisdictions.

Victoria has a positive approach to any tasks. She is always well prepared, and her interpersonal skills makes any interpretation situation comfortable and successful for the participants and clients. She is also a good and empathetic listener. She is able to pick up every word, every intent and every meaning. Therefore, she easily manage to translate any messages, explanations and presentations composed in one language to another language. This also proof her excellent understanding of legal issues and terminology which has been central in Norlau`s activities in Ukraine.

Victoria is a committed, reliable and efficient interpreter. It is therefore my pleasure to provide this letter of recommendation. I have no doubt that she will be a valuable asset to any organization that needs professional interpretation. I can give her my highest recommendation.

Yours sincerely

Willy Giil
